Dear Parents and Carers,

It is my absolute pleasure to be able to share our Ofsted report which you can read in full here on our website:

<https://www.queensparkinfacademy.co.uk/ofsted-performance-tables/>

### **Queen's Park Infant Academy continues to be a good school**

The lead Inspector recognised that the school's ethos of building strong trusting relationships with both the children and the whole community threads through every aspect of school life and that QPIA is a place where "pupils are happy and safe". Even the pirate ship gets a mention!

We are really proud of what the inspector had to say about QPIA; here are some particular words and phrases that are special:

- Pupils are proud to be part of school life
- Pupils say that learning is fun
- High quality pastoral support helps pupils to learn to make friends and be a good friend
- The school community works very closely with parents and carers
- The curriculum is suitably ambitious. Pupils learn a lot.
- Notably the wider curriculum is exciting for the young learners it serves
- The school is highly inclusive
- The school is well led and managed. Leaders identify the school's strengths and areas for development accurately

I want you to know that I am so proud to be part of this community where all children are at the heart of what we do and the decisions we make.

I know we will, report aside, remain committed to this and continue to work together with you to give our children the very best start possible. On behalf of myself, Miss Donald and the entire school team, we thank you for all your support and for now enjoy the wonderful words about our school.

Yours sincerely

*Mrs T. Edwards*

**Mrs Tracey Edwards**  
**Head Teacher**
