Relationships, Sex and Health Education Policy Parent Consultation

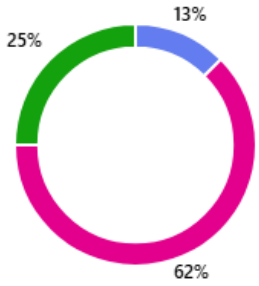

Dear Parents and Carers,

Following our recent Governors meeting, I am writing to you with regards to the above consultation that closed on 2nd October 2026.

Below I have summarised the results and comments from the parent survey that was sent out. We had 9 responses to the survey. This feedback will be used in school improvement and planning future parent events.

I appreciate that most anxiety is caused around Relationships and Sex Education. I would just like to re-iterate that as an infant school we do not explicitly teach Sex Education. However, in both PSHE and Science, we do cover life cycles and name specific body parts. We do NOT teach reproduction or changes over time (puberty). These are taught further on in your child's education – namely at junior school.

Please can I remind you that we have lots of information about what is taught where and when on our curriculum pages (via the school website). Information that specifically relates to Personal, Social, Health and Economic Education (PSHE) including Relationships and Sex Education, can be found by visiting:

Can I take this opportunity to thank everyone who gave their time to make a response. It is very much appreciated.

With best wishes,

Doug
